DESIGN

**Stand out  
to lead trends**

#### R20 Inch Wheel Hub

- Each turn is my round
- Wide spokes add to S06's strong visual impact
- Bigger wheel hubs make the car look more sporty

#### Electronically-Adjustable Side-View Mirrors

- Electronically-Adjustable Side-View Mirrors
- With electric adjustment and heating, you don't need to worry about rainy and snowy days. Different road conditions can be seen easily and clearly.

### Roaring Tiger Front Face

- The front face design is inspired by the King of the Jungle
- Sharp lines constitute a roaring pose
- With facets as clear-cut as steep cliffs, the car looks imposing
- No rounded curves. The lines symbolize edgy youths, brimming with unruliness and defiance
- Whenever you set off, the world will give way to you

### LED Interactive Lights

- 100 matrix light beads boost brightness and clarity
- Be the first to enjoy tech-enhanced design

### LED Connected Tail Lights

- Only when you stop following the crowd will you become the trend
- Connected light strip at the end, lighting up aspirations of people coming from behind
- Smart design of hidden exhausts, breaking norms and attracting fanfare in a low-key manner

07 **COCKPIT**  
**Stylish meets warm-tech**

### 15.6 Inch Big Console Screen

- A big screen making high-definition world possible
- 15.6 inch super big screen with ultra-high definition comparable to a movie theater, offering the best movie-watching experience
- Qualcomm Snapdragon 8155 Chip
- Ultra-strong computing power of dies, empowering the car and optimizing infotainment experience

### Dual-Zone Air Conditioner

- Two temperature zones ensuring comfort for everyone
- The driver's and front passenger's seats can independently control temperature changes, automatically adjusting to the most ideal temperature

### Intelligent Electric Adjustment for Driver and Passenger Seats

- SPA-level care ensuring driving experience and enjoyment
- 6-way electric adjustment for driver seat (10-way for S06DM) and 4-way electric adjustment for passenger seat
- Backrest adjustment, ventilation and heating, greatly boosting level of comfort

### Multi-Language Intelligent Voice Control

- Able to understand and respond quickly Whole-scenario voice control
- No need for physical gestures. All electrical setups can be controlled with voice
- Supporting multiple languages, turning interaction into communication

### Dual Options for CarPlay+Android Auto

- Phones become palm infotainment system, supporting both iOS and Android systems

### Phone Separation Alert

- If you leave the car without your phone, your "thoughtful steward" will remind you
- Automatic reminder to take your important things with you

\*The S06DM is configured up to Sony 9 speakers

### Customized Colored Ambient Lighting

- Cozy romance in more than one color
- Adjustable ambient lighting related to different life scenarios
- Lighting up sense of ceremony for cozy pleasure

### SONY 8 Speakers

- Fitted with exceptional SONY 8 speaker
- Soothing low-pitched sound, clear human voice
- Immersive audio experience, turning the car into a concert hall

### Magic Seats

- Sitting up or lying back? No problem at all
- Second seats can be folded down flat, turning your car into a big room
- Feel free to stretch out your body and mind while sitting or lying down

### Automatic Car Lock and Window Lifting

- Automatic walk-away lock and window lifting with thoughtful anti-trap design
- Saying goodbye to cumbersome car-locking experience and potential risks

### Privacy Glass

- Closed off from the outsiders' gaze, an oasis of inner world is left to yourself
- One-way privacy glass, creating a space for privacy

### 32 Storage Compartments

- Easy storage and easy access
- 32 storage compartments, fitted with multiple convenient devices
- Big flexible space, able to meet different demands for storing things

### Cooling and Warming Armrest Box

- Cooling for summer and heating for winter. Thoughtful design is integrated in such details
- Console storage armrest box, offering dual modes of heating and cooling

### 50W Wireless Fast Charging

- 50W wireless fast charging, setting no limit to battery life of mobile phones
- It can also be a convenient surface where things can be put

Performance  
**The courage to inject passion**

### 1.6T+7DCT Gold Dynamic Control

Hit the gas and enjoy flying close to the ground. With smooth power takeoff, the driver and the car reach oneness. Able to run in cities and racing tracks with ease. Maximal torque is 290N·m and maximal power is 145kW. Easy uphill trip even when the car is fully loaded with people and luggage. Smooth gear-shifting without judder. You can enjoy driving pleasure in all road conditions.

### Remote Engine Start

With remote control key, you can remotely start your car. No need to wait any more.

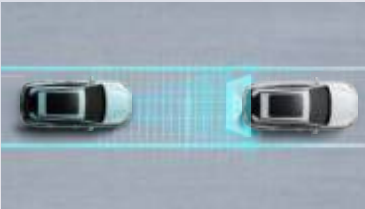

### Key-less Start

You can start the car without taking the key out, saving you the trouble and time.

### Elegant Electric Gear Lever

By gently pulling the lever, you can switch gear. The gear lever is not only better-looking, but more in line with ergonomics. Driving becomes more handy and elegant.

### ICA (Integrated Cruise Assist)

In the ICA speed range (>60 km/h), the vehicle maintains its position near the center of the lane, reducing the driver's workload. It assists with acceleration and deceleration in monotonous driving conditions or traffic congestion, ensuring a safe and comfortable driving experience

### HMA (High Beam Assist)

This system automatically switches the headlamps from high beam to low beam when it detects a vehicle ahead. Frequent use of the high beams helps to detect pedestrians earlier, making driving safer

### LKA (Lane Keeping Assist)

This is an intelligent assistance system that helps drivers stay in their lanes and reduces the risk of the vehicle drifting out of its lane, thus improving driving safety

### LCW (Lane Change Warning)

LCW uses advanced sensors to monitor vehicles on the side of the road. As soon as a vehicle enters the dangerous lane change area, it calculates the relative position and speed and warns you in time, helping you to know the blind zone situation in advance for safe driving

### 540° Panoramic Camera

- 540° see-through chassis, enabling you to find hidden danger right away
- With God's eye view, you can take in things around you at a glance, so as to minimize risks of blind zones

### L2 Intelligent Assisted Driving System

- Intelligent assisted driving, a helpful assistant for driving
- L2 intelligent driving, coping with complex road conditions at ease
- TJA reduces driving fatigue on city roads, and ACC makes high-speed driving easier. Its enhancement of safety should not be overlooked. It can monitor the surrounding conditions in real time, alert corrections in time for lane deviation, as well as assist braking during emergency braking. With intelligence, meet the ease

S06 DM

**1.5TD Hybrid Specialized Efficient Engine**

Efficient hybrid technology with electricity as the core drive: stronger, quieter, and cleaner

**-Stronger**

- Maximal power is 150KW, maximal torque is 310N·m
- Acceleration capability of 0-100 km/h is 7.9s  
Launch start the car with a gentle step on the gas pedal; make takeovers on highways at ease

**-Quieter**

- Flat wire drive motor, with maximal rotational speed of 16000 rpm
- Average efficiency of electric drive >90%  
Electrical drive is used for most of the time, which is more agile and flexible. Acceleration can be done quietly

**-Cleaner**

- 19.4kwh battery, NEDC all-electric range of 114km
- With electric discharge of 3.3kW, able to meet demand of all-electrical trips to and from suburbs
- Electrical consumption per 100 kilometers is 15.2kw·h fuel consumption when the battery dies out is 4.9L/100km
- Saving fuel and electricity, eco-friendly trip everywhere

**Extra-long range of fuel and electricity**

- 19.4kW·h super large battery, NEDC pure electric range of 114km, urban commuting does not consume fuel.

#### **Integrated Leather Seats**

- With comfortable support, sitting on the seats are like getting into a warm hug

#### **New R20 Inch Wheel Hub Styling**

- Cyclone modeling wheels, unique design shows stylish and dynamic
- Making the S06DM stand out in the city
